

### Flower Tributes Mark Esteem for Ed Thompson

Testifying to the esteem in which he was held by business associates, his employees and large number of friends, what was probably the greatest floral display ever to embark a bier in Lomita was the background for the funeral service last Saturday for the late Edward M. Thompson, well-known Torrance and Lomita automobile dealer. The service was held at the A. M. Gamby mortuary and the attendance overflowed the chapel.

Mr. Thompson, who succumbed suddenly July 17 at a Los Angeles hospital to a heart ailment following an emergency appendectomy, was tendered an impressive requiem by his fellow businessmen of Torrance and many others who knew him for his trust and his genuine interest in civic affairs here.

His widow, Mrs. Helen Thompson, who is convalescing from a major operation, attended the rites but did not attempt to enter the mortuary. She listened to the service from a car parked near the entrance. Rev. C. M. Northrup of Torrance officiated. Interment followed at Inglewood cemetery.

Those present were besides the honoree all four grandparents, Mr. and Mrs. J. A. Boecker, Mr. and Mrs. Burt Tuttle, Miss Josephine Boecker, and Burt Tuttle.

### National Guardsmen to Leave State First Time for Washington Training

SACRAMENTO (U.P.)—Nearly 10,000 California National Guardsmen will forsake their annual summer encampment at San Luis Obispo for that of Camp Lewis, Washington, in August. It will be the first time California guardsmen as a unit have left the state in peace time.

The maneuvers, guard officers here said, were planned nearly three years ago and until recently guardsmen feared they would be called off because of recent developments. But despite and not because of current war jitters, 50,000 regular, reserve soldiers and guardsmen from seven western states will entrain Aug. 3 for joint maneuvers at the Washington camp, which will run from Aug. 4-24.

Only units of the California guard that will not go are the 250th coast artillery, stationed in San Francisco and the 144th field artillery in Santa Barbara which will hold their regular two-weeks training period at San Luis Obispo.

**No State Unit Called**  
In view of President Roosevelt's recent decision to call 50,000 national guardsmen into active duty for a year's training, officials in the adjutant general's office had thought the maneuvers might be cancelled.

This plan is scheduled to go before Congress when it reconvenes after the Democratic convention. Authority and funds to call the 50,000 guardsmen to camps must be voted by Congress.

Present plans are to call up four divisions, seven anti-aircraft regiments and an undetermined number of harbor defense regiments, but as yet no California unit is included in the tentative list of guards to be called. Those to be called include one division from New York, New Jersey, Tennessee valley, New Mexico, Arizona, Oklahoma, Colorado and Pacific northwest.
